

# STUDY ABROAD IN AUSTRALIA

**Studying abroad is an experience that will stay with you for the rest of your life. It's an opportunity to expand your educational horizons; to step outside the boundaries of the accepted curriculum and enhance your qualifications with an international perspective.**

Bond University was created in the scholarly traditions of pre-eminent private universities of world standing and is only one of two private universities in Australia. Bond's Study Abroad program gives you the opportunity to study for a semester or two in the heart of one of Australia's favourite holiday destinations.

The Bond semester start dates (January, May and September) align with your school schedule in the USA, ensuring minimum disruption to your study timetable.

## **LIFE AT BOND**

When you're not attending lectures and hitting the books, you'll discover there's even more to life at Bond University. Our world-class campus gives you access to unparalleled study and recreational facilities, including two libraries, 24 hour computer labs, studio facilities, e-courtrooms, a fully equipped gymnasium, sporting fields and an Olympic-size swimming pool.

Bond has its very own recreational program, including a Campus Life Coordinator dedicated to your 'Aussie experience'. The Bond recreational program consists of social activities on campus and recreational trips to see some of Australia's most breathtaking and spectacular views.

## **LIFE ON THE GOLD COAST**

Located on the beautiful Gold Coast, Bond University is the perfect place to study and explore Australia's diverse beauty. The city of the Gold Coast is one of the fastest growing cities in Australia and stretches out along 35 miles of ocean beaches, networked with a series of rivers and canals.

The Gold Coast area offers:
